BRIGHT RAY OF HOPE.

Mrs. McKinley Somewhat Improved.
Prospects are Encouraging.

PRESIDENT MAY ATTEND LAUNCHING.

Refreshing Slumber Followed by Cheerful Waking—As Soon as Mrs. McKinley Can Travel President Will Return to Washington.

San Francisco, May 17.—When Mrs. McKinley awoke Friday morning she asked for a cup of coffee and seemed to be bright and comfortable. Her condition was so much improved that her physicians, after the consultation at 8 o'clock, decided that it would not be necessary to have another consultation until 8 p. m.

When Postmaster General Smith called on the president he found the countenance of the chief executive exceedingly jubilant. The president gleefully described the change in Mrs. McKinley's condition as a transformation. There was only a slight tendency to the relapse that had been so dreaded in the early hours of the morning. She passed safely through that crisis and awoke bright and cheerful. She asked to be allowed to wash her hands and asked for food.

The president said if she can hold her own for 24 hours the crisis would be passed. The physicians expressed themselves as astonished at her remarkable show of vitality.

When M. H. De Young called Mr. McKinley was most cheerful, and stated to Mr. De Young if Mrs. McKinley continued to improve he would attend the launching of the Ohio.

The president's return to Washington largely depends upon Mrs. McKinley's improvement. As soon as she is able to travel the president will take her direct to Washington over the route already announced. The president is greatly encouraged over Mrs. McKinley's improvement.

The president personally requested each member of his cabinet to keep all engagements, and not to permit the illness of his wife to mar the pleasures of their trip. They have been loth to do this, however.

According to late plans the launching of the battleship Ohio will take place. There will be no banquet by the citizens Saturday night, and all receptions and trips that have been in contemplation have been abandoned. The gift prepared by the employees of the Union Iron works for the president, who was to have addressed them Saturday, will be sent to Washington and presented at some appropriate time. The Knights Templars will also send to Washington the beautiful silver flag with gold mounted staff which they intended to present the president in this city.

There has been no cabinet meeting this week on account of Mrs. McKinley's illness. A meeting will be held Monday afternoon at the Scott residence unless the condition of Mrs. McKinley is such as to render a gathering impracticable. If it takes place, it will be the first meeting of a national cabinet ever held on Pacific coast.

Governor Nash Poisoned.

San Francisco, May 17.—While attending the christening of one of the big trees near Santa Cruz in his honor, Governor Nash was poisoned by poison oak, which has caused him severe suffering ever since. He is partially blinded by the rash, and it was necessary for him to forego some of the entertainments arranged in honor of his visit. Governor Nash will be able to attend the launching of the battleship Ohio. All other festivities here have been declared off on account of the illness of Mrs. McKinley. Governor Nash and party will leave San Francisco Sunday morning for Sacramento and spend the day there. Stops will also be made at Salt Lake, Denver, and Colorado Springs. Among those of the Ohio party who have already been called home are Mrs. R. S. Warner and son, Mr. and Mrs. E. I. Vaughan, and Mr. and Mrs. W. H. Lamprecht.

Perpetual Ownership Dissolved.

Philadelphia, May 17.—The injunction proceedings begun by the Philadelphia National Baseball league to enjoin Second Baseman LaJole and Pitchers Bernard and Frazer playing baseball with the local American League club, and to enjoin the manager of that club engaging the players, were dismissed by the judges of the common pleas court. The judges say the contract lacks mutuality. The court says if the injunction were granted LaJole's services would be subject to the Philadelphia Baseball club for all time, while if the club cared to do so it could dispense with him on ten days' notice.

Reward For Missing Bookkeeper.

Memphis, May 17.—A reward of \$100 is offered for the capture of Charles G. Wright, formerly of this

city, who is wanted on the charges of defalcation and forgery. Wright was confidential clerk and bookkeeper of Nelson H. Morris & Company's branch cold storage and packing plant here. He left Memphis suddenly several weeks ago, and an investigation of his books, it is said, shows shortage of \$3,500. He is also charged with forging the name of the firm to a check for \$1,800 on a local bank.

UHL AT REST.

After a Lingering Illness He Sank Into Eternal Sleep.

Grand Rapids, May 17.—Hon Edwin F. Uhl, former assistant secretary of state and ambassador to Germany during the second Cleveland administration, died shortly after noon. He had been ill nearly a year, suffering from a complication of diseases, among them Bright's disease.

Mr. Uhl was born in 1841, near Avon Springs, N. Y. Coming to Michigan when he was a boy, he finished the course in the public schools and graduated from the University of Michigan at the age of 20. Mr. Uhl located in Ypsilanti and entered a law firm. In 1871 he moved to Grand Rapids, where he built a splendid law practice and became prominent in the Democratic party. He was elected mayor of Grand Rapids on the Democratic ticket in 1890 and served two years. At the beginning of President Cleveland's second term Mr. Uhl was appointed assistant secretary of state, and during part of his incumbency he was in charge of the department. Cleveland later offered Mr. Uhl the post of ambassador to Germany and it was accepted. Mr. Uhl serving until President McKinley appointed his successor. While in Germany Mr. Uhl took a decided stand against free silver and withdrew his support from the Democratic party in the campaign of 1896. This greatly affected his party standing in Grand Rapids, and when he returned home from Germany he retired from politics.

Mr. Uhl was married in 1865, and is survived by a widow and three daughters.

Ohio Incorporations.

Columbus, O., May 17.—Portsmouth and Kentucky Fire Brick company, Portsmouth, \$600,000; Caldwell Hardware company, Caldwell, \$3,000; Willson Improvement company, Cleveland, \$50,000; Forrester Plaster company, Cleveland, increase from \$10,000 to \$50,000 and amendment enlarging purpose; St. Mary's Drilling company, St. Mary's, increase from \$12,000 to \$25,000; Ohio Foundry company, Dayton, \$25,000; Springfield Home Telephone company, Springfield, \$300,000; Cleveland Creamery and Produce company, Cleveland, \$10,000.

A Serious Charge.

Philadelphia, May 17.—John L. Semple, a prominent attorney of Camden, N. J., was arrested on a charge of complicity in the counterfeiting of \$20 United States treasury notes. Semple was counsel for Baldwin S. B. Bredell and Arthur Taylor, who were the engravers for the Jacobs and Kendig gang of counterfeiters, which was broken up two years ago by the arrest in Lancaster of Jacobs and Kendig and the subsequent arrest in this city of former District Attorney Ellery P. Ingham and his assistant, Harvey K. Newitt.

Corn Corner Ended.

Chicago, May 17.—It was reported in the corn pit that George H. Phillips had practically closed out his deal in May corn. On top of recent heavy sales for current month delivery he sold 1,000,000 bushels, and the price dropped from 54 cents to 50 cents. Mr. Phillips refused to say positively that he was out of his May deal, although he said "it looks as though it is all off." Brokers in close touch with Phillips said they thought he had sold out practically all his May corn.

Train Robbers Overhauled.

Shawnee, I. T., May 17.—Five men were arrested here, charged with the robbery of a Choctaw express train at Bridge Junction, Ark., a few weeks ago. The arrests were made on a description given by Express Messenger Meador. A fight ensued between deputy sheriffs and the prisoners. One man was shot by a deputy sheriff, but mounted a horse and made his escape.

Short In His Accounts.

Philadelphia, May 17.—George B. Whitney, former manager in this city for the Morris Beef company of Chicago, was arrested on a charge of embezzlement. Auditor Ray of the Chicago office is examining the books, and says a shortage of over \$10,000 has been discovered. Whitney made a full confession and was sent to jail in default of \$4,000 bail.

An Error Corrected.

Montgomery, Ala., May 17.—The Seattle (Wash.) dispatch saying that Felix Johnston, who committed suicide in that city, was probably a brother of Governor Johnston of Alabama, is an error. Governor Johnston has no brother named Felix.

MINERS LOSE A FRIEND

Dead Body of the Hazleton Priest Found In New York.

INDICATIONS OF A FOUL MURDER.

Father Phillips Was the Guardian Angel of Miners in the Anthracite Coal Region—Was a Hibernian and an Elk.

New York, May 17.—The body of a man found in a house in Ninth avenue has been identified as that of the Rev. Edward S. Phillips of St. Gabriel's church, Hazleton, Pa., who recently had a conference with J. Pierpont Morgan in reference to the threatened strike in the iron and coal regions of Pennsylvania.

The coroner says the identification can hardly be questioned, as papers found on the body seem to prove it. The police are working on what may prove to be a murder.

Kirk Stanley, a massage operator, in whose rooms the body was found, is under arrest on suspicion.

Decomposition had advanced so far when the body was discovered that a cursory examination was not sufficient to reveal the cause of death, and an autopsy will be held.

Mrs. Bernius, from whom Stanley leased four rooms, in one of which the body was found, says her tenant claimed to be from San Francisco, and called himself "Dr. Stanley." He was accompanied by a young woman, whom he introduced as his wife. The body was discovered by Mrs. Bernius' daughter, who went into Stanley's apartments to remove some bedding which was hanging out of the window. The police were immediately notified, and a search of the body disclosed a

FATHER PHILLIPS.

number of papers. Among them was a letter from John Mitchell, president of the United Mine Workers, and addressed to the Rev. Edward S. Phillips, Hazleton, Pa. There were also several telegrams from Mr. Mitchell addressed to the priest, a half-fare railway coupon such as issued to clergymen, and several receipts made out in the name of Dr. Phillips.

It was made public for the first time after the identification of the body that two confidential alarms had been sent out by Captain Titus for Father Phillips, who, according to this information, had been missing from his home in Hazleton since May 28. The first alarm was sent out May 8, and the second May 16. Detectives from the central office had searched the hotels and hospitals in this city for the missing clergyman.

Suspect Arrested.

Police Captain Donohoe after examining the body, the rooms and the effects of the dead man, sent out a general alarm for the apprehension of Stanley. Not long afterward Stanley was seen walking through Fifth street. When he came to the corner of Ninth avenue, half a block from his apartments, he stopped. A policeman saw him. Stanley saw the policeman at the same moment and at once turned and walked rapidly toward Fifth street toward Eighth avenue. The policeman ran after him, and, touching him on the shoulder, said the captain desired to see him. Stanley accompanied the policeman, and when he reached the station house was taken at once to Captain Donohoe's private office. He and the captain were closeted together for more than an hour. The captain then took Stanley before Sergeant Shible and told the sergeant to lock him up.

The prisoner seemed to be suffering from the effects of drink or drugs. His manner was that of a man who was badly dazed. He said his name is Kirk Stanley and that he came to this city about a year and a half ago. He said they called him Doctor, but he had no diploma. He was a massage operator and intended to open an office here.

Captain Donohoe was reticent in discussing the case. All he would say was that the prisoner made conflicting statements. Stanley denied knowing the man whose body was found in

his rooms, and said he had never seen him before, and that he did not know there was a body there until told by the police.

Stanley was arraigned in police court and was remanded to the custody of the coroner. He refused to make any statement in court.

Stanley is said to have a wife and a 12-year-old son living in San Francisco, and is said to have resided at the Palace hotel in that city. After coming to New York he frequently received \$100 checks from Alameda, Cal. He professed to cure rheumatism by the application of air at a temperature of about 400 degrees.

The police are searching for the woman who was known as Stanley's wife. They say this woman left the house in Ninth avenue May 9, and has not returned. Father Phillips disappeared May 8.

Father Phillips had been away from Hazleton for about two weeks on a vacation. During his absence he is said to have attended the ceremonies incident to the elevation of Mgr. Martinelli to the rank of cardinal.

Father Phillips was born in 1851, at Hawley, Wayne county, Pa., where father worked in the mines. He attended the public school at Pittston, and finished his studies at St. Charles college, Ellicott City, Md., and Charles Theological seminary, Philadelphia. He was ordained to the priesthood in 1875. He was located in various parts of the Scranton diocese, locating at Hazleton four years ago. Recently the twenty-fifth anniversary of his elevation to the priesthood was celebrated there, and a large number of priests and Catholic dignitaries from the surrounding country gathered at Hazleton to do him honor.

Father Phillips was a prominent member of the ancient order of Hibernians and the Elks' lodge at Hazleton. He took an active part in settling the difficulties of the Ancient Order of Hibernians a few years ago. He was a strong temperance advocate, and his influence with the men of all nationalities who make up the population of the anthracite region was recognized by miners and mine-owners alike. His participation in the settlement of the miners' strike of last year is still fresh in the minds of the public.

AGUINALDO INTERVIEWED.

Has Little to Say But Suggests Strict Conformity to Constitution.

Manila, May 17.—Aguinaldo, in an interview, expressed the opinion that the American government of the Philippines, in order to be unquestionably satisfactory, should conform strictly to the constitution. Asked whether he considered the Filipinos capable of exercising all the privileges guaranteed by a literal interpretation and application of the constitution, Aguinaldo declined to express an opinion. Considering the political and commercial future of the archipelago Aguinaldo was reserved. He said it was hardly time to discuss it while in what he considered to be captivity. The military officials say he is kept guarded principally for his own protection. Aguinaldo says that he knows of no enemies, needs no protection, and is willing to go out unattended if permitted to do so. He is said to be pleased with the municipal law conferring full local self-government. Concerning the provincial law, out of which the governor is the only elective officer, Aguinaldo was uncommunicative.

It is not expected Aguinaldo will continue to be prominent in Philippine affairs, though his friends concede his exceptional abilities for leadership.

Nine new American judges called on General MacArthur Friday. The general said their duties are of greater importance than those of any of the officers who preceded them. He commended the establishment of laws and a just judiciary ahead of commercial activity.

Walderssee's Return.

Peking, May 17.—Unless something unforeseen occurs, Field Marshal von Walderssee will return to Europe in June. He has received an invitation from the emperor of Japan to spend some days there on his return journey and will probably accept, in which case it is generally believed he will return through the United States, as at General Chaffee's farewell dinner the field marshal assured General Chaffee he would take the earliest opportunity to visit America.

Guatemalan Claim.

Washington, May 17.—The state department has received a payment of \$20,000 on account of the award of the arbitration in the May case from the government of Guatemala. The total amount of award was \$143,000, but the state department has agreed to allow this total to be paid in quarterly installments of \$20,000 each, with interest at 6 per cent.

Manilla, May 17.—General Mescardo, with 328 men, surrendered to Captain Joseph P. O'Neill of the Twenty-fifth infantry at San Antonio, Zamboela province.

PUBLIC IS INDIGNANT.

Deadly Effect of the Volley Fired by Soldiers at Albany.

VICTIMS WERE INNOCENT ONLOOKERS

Killing Justified by Militia Officers Who say Citizens Should Keep Out of the Way of Conflicts. Force of Troops Increased.

Albany, May 17.—Two dead, one dying and sixteen suffering from injuries more or less severe, is the record of casualties resulting from the strike of United Traction company employees in this city. Of the three men who were wounded by the fire of the National Guardsmen, William Walsh and E. Leroy Smith are dead. William Marshall, the nonunion motorman whose skull was fractured by stones thrown by the crowd that attacked a car he was taking out of the barn, can not recover. Mr. Smith was prominent in business, political and social life here, and was the presiding officer at the last session of the American whist congress.

Major General Roe, Brigadier General Oliver and Colonel Barnes of the Twenty-third regiment, which did the fatal shooting, said that while they regretted the shooting, the soldiers had been ordered to stop mob violence and to shoot if attacked, and the only safety for peaceable citizens was to move away at the first indication of disorder.

The Ninth regiment of the National Guard has arrived. This will swell the number of troops in Albany to 3,000. The Ninth will be stationed in South Albany, where the United Traction company has a large power house.

A squad of 25 nonunion men who reached the city early in the day was escorted by a battalion of the Twenty-third regiment to the car barns.

A dispatch from Troy said word was received at the headquarters of the strikers from their representatives in this city that the prospects for a settlement were so assuring that strikers could prepare to go back to work at 3 o'clock. The statement was premature. The conference adjourned without coming to any agreement.

Preparing For the Strike.

Washington, May 17.—The executive board of the National Association of Machinists assembled here to be prepared for any emergency in connection with the threatened general strike. Reports announce that all the firms at Danbury, Conn., and Norfolk, Va., signed the 9-hour day agreement. The most trouble is expected at Cincinnati, San Francisco and the north Pacific coast cities. Very little trouble is expected in New England. Hugh Duran of Chicago says there will be not over 500 men on strike there. "We have just adjusted the trouble there with the Illinois Central railroad," he added, "and a uniform rate of 25 cents an hour will be made throughout the system for machinists and an increase of 5 per cent in wages of all other shop employees." P. J. Colon, the Sioux City member of the board, says the Union Iron works and the Fulton Iron works in San Francisco doubtless will resist the demands. President O'Connell said there is no possibility of averting a general strike.

Mitchell to Rest Up.

Indianapolis, May 17.—John Mitchell of the United Mine Workers is preparing to take a month's vacation. The nervous strain he has undergone during the last year in the settlement of strikes that were pending in the anthracite region and elsewhere make it necessary for a long rest. It was stated by W. B. Wilson, national secretary of the mine workers, that the affairs of the organization were never in better condition, and that the situation throughout the entire coal field is more satisfactory than it has been for a long time.

Bricklayers Locked Out.

New York, May 17.—Between 15,000 and 20,000 bricklayers in the employ of contractors who are members of the Master Builders' association were locked out at noon. President Otto M. H. Edlits of the Master Builders' association said the lockout was primarily caused by the refusal of the Bricklayers' association to abide by the finding of an arbitration committee concerning a dispute which arose between the masons and bosses a few weeks ago.

Mine Closed.

Colorado Springs, May 17.—The Portland mine, employing 700 men, was closed indefinitely owing to trouble between the miners' unions over the employment of nonunion miners. It is not believed the trouble will spread to other mines in the Cripple Creek district.

London, May 17.—The suspension of Charles Kelman was announced on the Stock Exchange.

KENTUCKY, with an area of 40,000 square miles of land surface, stands third in the column of Southern wheat producing States, Texas, with seven times Kentucky's area, standing first, and Maryland, with three times her area, standing second. Kentucky stands second among the Southern States in corn and oat products, Texas being first. She is second in Irish potato products, West Virginia, with an area of only 24,380 square miles, coming first.

Politics proved a costly investment for the Hon. Charles Foster, ex-Governor of Ohio, and ex-Secretary of the Treasury. A few days ago "Calico Charley" filed his application in bankruptcy, placing his liabilities at \$747,000. He wasted the money largely in politics. His friends and confidants little dreamed that they would have to pay his political bills when they trusted him, says the Georgetown News-Democrat, which adds: "It is this lack of integrity and moral fiber that makes the practical politician the most loathsome creature on earth."

THE Cuban policy of the Administration comes in for pointed criticism at the hands of Editor Bryan, of The Commonwealth, this week. After referring to the recent declaration to the Cuban Commissioners while in Washington that the Platt amendment was the established law of the United States, and using subsequent quotations from the decision of the United States Supreme Court in the Neely case, in which it was decreed that Cuba is foreign territory, Mr. Bryan says:

Turning back to our ante-war declarations we find that the United States has declared that the people of Cuba are and of right ought to be free and independent; that it was not the purpose of the United States to exercise sovereignty, jurisdiction or control over said island, except for the pacification thereof, and that when this was accomplished it was the intention to leave the control of that island to its people.

So far as concerns Cuba we do not possess even what is called color of title, and the highest court in our land has formally declared that we are without any authority other than that of trustee, whose duty it is simply to deliver that territory to the inhabitants of Cuba, to whom it rightfully belongs and to whom exclusive control should be surrendered.

And yet in the face of these facts the President and his Secretary of War calmly announce to the Cuban Commissioners that the Platt amendment is the law of the land and that the people of Cuba are bound thereby. When men seek to do wrong, enter upon a scheme of injustice and assume powers to which they are not entitled, they are very apt to expose their own inconsistency—not to call it hypocrisy—and in this instance the inconsistency is visible to the naked eye.

"CRIMINAL SPECULATION."

Hon. W. J. Bryan, in this week's issue of The Commonwealth, denounces in terms none too strong the gigantic Wall Street system of stock gambling "erroneously described as business," to use his own expression. "That such transactions are allowed," he says, "is as much a reflection upon the intelligence of the country as it is upon the conscience of the people. It is little less than amazing that a few men should be permitted to corner the market for their own selfish purposes, beat down the price of one stock and boom the price of another stock, demoralizing business and jeopardizing the interests of all classes of society. It is reported that the slump in stocks amounted to seven hundred millions in value, and that the New York banks had to put up nearly \$20,000,000 to prevent a panic. How will the historian describe an age when a petty thief is severely punished while great criminals go unwhipped? It often takes an object lesson to arouse the people to the evils of a bad system, and the recent fluctuations in the stock market, costly as they have been, will be cheap if they lead to legislation which will put an end to stock gambling, erroneously described as business."

The westbound F. F. V. was four hours late Friday.

He Is a Wonder.

All who see Mr. C. F. Collier, of Cherokee, Iowa, as he is now, cheerful, erect, vigorous, without an ache, could hardly believe he is the same man who, a short time ago, had to sit in a chair, propped up by cushions, suffering intensely from an aching back, in agony if he tried to stoop—all caused by chronic kidney trouble, that no medicine helped until he used Electric Bitters and was wholly cured by three bottles. Positively cures backache, nervousness, loss of appetite, all kidney troubles. Only 50c. at J. Jas. Wood & Son's drug store.

TROLLEY LINES.

These Enterprises Have Met With Remarkable Financial Success—Many Projected in Kentucky.

[Courier Journal.]

The movement to build trolley roads in Kentucky appears to be fairly under way. Already work has begun on a number of lines, and no week passes now without one or more incorporations of these new companies. The possibilities of these roads are striking, inasmuch as the prosperity of the past four years and the growth of cities and towns have called for more rapid and economical transportation of both freight and passengers than can be had by animal power, steam railroad facilities being altogether inadequate. The remarkable financial success which has attended the trolley lines in Ohio, Indiana and the East indicates similar results to be obtained in Kentucky, in which as many trolley companies have been organized as in all the other Southern States altogether.

The trolley roads have other possibilities than merely the carrying of passengers, though the organization is always made with that end in view. In the current number of the Iron Age attention is called to their importance as freight distributors. The Age properly suggests that the feeding of towns and cities and the delivery of merchandise to the surrounding country is too expensive when made by wagon and carriage or hand, and is too small to justify the building of steam roads. The trolley road which connects the villages and towns and runs through the country for many miles offers precisely the facilities which this trade requires. The Age is of the opinion that if the expansion of the trolley system is utilized to distribute local freights, in addition to the passenger service, great economic changes will be effected within a few years. To show the possibilities of the trolley business, it says:

"The requirements gradually grew to include the carriage of coal, agricultural implements, fertilizers, groceries and general merchandise one way, and milk, vegetables and all kinds of farm and garden produce the other way. The system is still new, but about one-third the earnings of the line come from its freight service. Incidentally, it is benefited by the increase of its passenger traffic both ways. The suburbs it reaches are building up rapidly, and it is making its franchise of great value by rendering the public an invaluable service."

"The Cleveland and Eastern railroad, an electrical railway connecting Cleveland with certain populous suburbs, is probably the first to demonstrate the value of a freight traffic as an important source of revenue to a trolley system. It operates about sixty miles of track, and was originally designed exclusively for passenger service. It first discovered an advantage in rendering the people along its extensive lines a service in taking milk to the city and returning the cans. A freight car for milk was built and run at night. It paid so well that another was added. Then combination cars were built, with passenger accommodations at one end and compartments at the other for light freight and express matter."

As it is certain that a great number of trolley lines will be built in this and other Southern States within the next few years, it will be well if the promoters look into the matter of freight traffic. Their competition will be chiefly with wagon transportation, and not with the steam railroads. The possibilities in this connection are very great.

DEBOE CORNERED.

The Senatorial Snorer Has Succeeded in Talking Himself Into an Embarrassing Position.

LOUISVILLE, Ky., May 16.—Events of the week have placed United States Senator Deboe in a very embarrassing position.

The statement made by Deboe to the effect that he had pledged from ex-Governor Bradley, Congressman Boreing and others that they would support him for the United States Senate have been denied. Governor Bradley when asked about the matter answered briefly "No." Mr. Yerkes said that he had told Deboe he would not oppose him and believed he would get the caucus nomination, but that he had not pledged himself to him.

Mr. Boreing states that he has not pledged himself in any way to support any man for the Senate. He refused to say whether or not he was a candidate for the Senate.

COMMITTED SUICIDE.

Mark Smith, Colored, Hanged Himself at Washington Friday at Noon.

Mark Smith, colored, aged about sixty years, committed suicide Friday at Washington by hanging himself.

The deed was committed about noon in the garret at the home of Charles Loftus, with whom Smith lived.

It is a very unusual thing for a negro to take his life, and especially to do so by hanging himself.

Preaching morning and night at the Baptist Church by the pastor. Morning subject, "The Waters of Marah." Evening subject, "The Justice of Eternal Punishment." Sunday school and young people's meetings at usual hours.

Curtains!

LACE AND NOT.

It's a feast for beauty loving eyes—our curtain section with its handsome tapestries, broads, ropes and laces. The tapestry and rope portieres for this season are loom marvels. Almost everything in the very expensive sorts has its beauty carried into less costly goods. So furnishing is not a question of large expenditure but of taste. Tapestry Portieres \$2½ to \$6½ a pair. Lace Curtains 50c. to \$10 a pair.

A PORTIERE BARGAIN!

Bargain talk is something we indulge in cautiously—it must be founded on facts here. This bargain is so big it is a positive temptation to eloquence, were it not our principle to understate rather than overstate, that you may be happily surprised, not even faintly disappointed when you call upon us.

\$1.69 Rope Portieres For \$1.

Full length, loosely woven twisted strands, large heavy tassels, eight different color combinations. Since they arrived two months ago we have sold dozens of these pretty portieres for \$1.69. The limited quantity that remains now go for \$1. Be prompt; late comers may be disappointed.

D. HUNT & SON.

Ice Cream! Ice Cream!

Having made arrangements with two of the largest creameries in the Ohio Valley for their exclusive product, we are in a position to furnish you with ICE CREAM in any quantity, from one quart to as many gallons as you would like. Our capacity is practically unlimited.

THE BEE HIVE

A very good customer of ours remarked to one of the proprietors yesterday that we carried so much finer and nicer goods than the old firm. OF COURSE WE DO. We don't intend standing still. THE BEE HIVE must improve each day. If we don't improve it is your fault, not ours. If we don't carry fine enough goods for you, speak out, and we will have them sure. That's why we came to Maysville—to please you, not ourselves.

Sample Royal Shirt Waists

The manufacturers of the Royal Waists are through for this season. We bought the samples. If you want to see real art in waist making ask to see the sample line of the Royal. Prices \$2, \$3, \$4, \$5; worth twice as much. Sizes mostly 36. Only a few of a kind. Come quick, if you want an exclusive style.

Hosiery!

Because it's summer no reason that you should not wear stockings. The hotter the weather the finer the stocking. It's cooler; try it once. Price, \$1.25 per pair; some at \$1.75c, 50c., or even down to 5c. The ones for \$1.25 we would like to show you now. Remember what we ask you \$1.25 others want \$1.75.

A DECIDED SUCCESS,

Financially and Artistically Was the Ladies' Minstrels Last Night.

The Ladies' Minstrels at the opera house last night was a gratifying success, both artistically and financially, the gross receipts being about \$125. It proved to be one of the very best entertainments of its kind given here.

Mrs. Hiram Chenoweth and Mrs. Thos. R. Phister as the "end men" were good; their jokes were new and they scored hits. Miss Edith Berry rendered "When Reuben Comes to Town" and "Dreams" and found instant favor with the audience, and her creation, "Just Because I Tell Yo', Honey," was excellent. Miss Henrietta Davis came in for a big share of the applause with "The Innocent Young Maid" and "The Bird and the Rose." The dancing act of the little tots, Miss Hesson and Masters Shepherd and Trap, was the hit of the evening and sent every one home in a good humor.

The ladies desire to thank Miss Harriet Johnson for her work in drilling the chorus and all that took part in the minstrels, and the public generally for their kindness in making the entertainment such a success.

The orchestra did not play "Goo-Goo Eyes."

Young Men and Boys in Training For the Field Day Sport at Ball Park.

The men's rally at the Y. M. C. A. Sunday afternoon at 4 o'clock will be addressed by Dr. John Barbour. All men cordially invited to be present.

Over thirty men and boys are in training for the field day exercises at ball park next Thursday. The program will be an interesting one, consisting of both field and track events, closing with a big basket ball game between two picked teams. Plan to go out and enjoy the outdoor sports. The ladies are especially invited to be present.

At Flemingsburg this week the Twelfth Kentucky District Christian Missionary convention elected the following officers for the ensuing year: President, W. S. Willis, of Flemingsburg; Vice President, H. C. Bowen, of Augusta; Secretary and Treasurer, Joseph Severance, of Mayslick. The purpose of this convention is to foster all missionary and educational interests of the Christian Church in the counties of Mason, Bracken, Fleming, Robertson and Lewis. Each county is to be organized in a manner similar to the organization in this county, of which Howard T. Cree is President.

OVERDOSE OF MORPHINE

Taken by Mistake Causes the Death of Young Francis T. Hord at Indianapolis.

INDIANAPOLIS, May 16.—Francis T. Hord, one of the brilliant young attorneys of the city, son of the late Oscar B. Hord, who was the life-long friend and law partner of Governor Hendricks, was found dead in bed this morning by his wife. He had been troubled with insomnia, and yesterday called upon his family physician for something in relief, but he did not have the prescription filled. However, he returned home about 4 p. m., leaving the following note for his wife: "Do not wake me until bedtime. I took a part of one-eighth ounce of morphine—one-eighth ounce is the usual dose in tablets, I understand." Mrs. Hord went to his room at the appointed hour, and finding him, as she supposed, soundly asleep, retired to her room for the night. She also slept very soundly, and she did not disturb her husband until 7 o'clock this morning, when his condition alarmed her. Physicians were summoned, but he had been dead for several hours. While one-eighth of a grain is an ordinary dose, in his ignorance of the tablet form he really swallowed fifty or sixty times that amount. There is no question but that the overdose was accidental and taken with no thought of suicide. Mr. Hord was a native of this city, and a graduate of Ann Arbor. He represented the Democracy in the Legislature only one term, declining re-nomination. In 1889 he married the daughter of Dr. Stephen Young, of Terre Haute. Two children are living.

Mr. Hord was a nephew of Mrs. Mary Clarke and Mrs. J. B. Noyes of this city.

Health and Beauty

For generations women have been taught that "beauty is only skin deep," but, like many proverbs, that will not stand. Beauty is blood deep. There can be no beauty without health. Our grandmothers lived closer to nature than we do, and they were so sheltered by their home life that health and beauty were their natural lot. Skin foods, freckle lotions and face bleaches were unknown commodities. But there has been a great change in the life of women since then. With broader education and larger opportunities, she has developed mentally at the expense of her health. From the quiet duties of home she has gone forth until now we find her in many avocations of life, which prove too great a tax on her vitality. How sad it is to see the cheek robbed of its color and the eye of its fire. These symptoms nearly always show derangements in the delicate feminine organism. They don't call for bleaches or paints or powders, but for a remedy that will make the afflicted organs strong and well. Wine of Cardui is just such a remedy. Women broken in health and spirit have been made healthy and happy by this Wine. No one should give up to the "blues" until this reliable remedy has been tried. It has proven a blessing to other women and will not disappoint you. It brings that buoyancy of spirit, elasticity of step and lightness of heart which is the corner stone of beauty. A healthy woman is always beautiful.

Westville, February 4, 1899.
I feel that I must say a few words in praise of the Ladies' greatest friend, Wine of Cardui. It is the most wonderful remedy that I ever tried. I have been a sufferer for years, at times being confined to my bed two or three days each month. A friend recommended Wine of Cardui, and since I have taken it I have been greatly relieved. I intend to continue to take it, for I know it is as recommended. I will use every effort to get others to use it.

PLENTY OF IT.

Lots More Proof Like This and It Is All From Maysville People.

"The proof of the pudding is the eating of it." If any city or town in the Union has sufficient proof on the following subject it is Maysville. Genuine merit is finding its reward in the hearty endorsement of local citizens. When people right here at home, friends and neighbors of our readers, give a statement like the following for publication, it is proof convincing for the most skeptical.

Read this testimony:

If the energy displayed by some men in the way of evil was used to the ends of good how much better would they not appear?
The closing exercises of the city public school did little be largely attended, as everybody in the city and surrounding country is being invited.
Rev. R. B. Butler, A. M., preached two very excellent sermons for the Plymouth Baptist Church people last Sunday, Pastor Nelson being away.
Presiding Elder White is in the city and will hold quarterly conference at the Methodist Church to-night and quarterly meeting to-morrow, filling the pulpit all day.
A May festival will be held for ten days at Scott's Chapel, beginning to-morrow.
Miss Margaret Robinson has gone to Philadelphia to spend her vacation.
Prof. J. S. Hathaway, of the State Normal School, was in our city recently.
The East End school is getting ready for its closing exercises. Mrs. Harrington, its indefatigable instructor, and Mrs. Frank Brady are hard at work preparing the children.
Rev. R. E. Hathaway and Miss Alice Sims were in town Monday.
